TASK 1

PROBLEM STATEMENT:

With the onset of the pandemic and lockdown, Ravi was forced to close his bookstore, and instead decides to continue his sales through a website for buying books. Help him design a visually appealing landing page for his site.

GUIDELINES:

- You are encouraged to adopt an unconventional layout/wireframe as opposed to a standard one.
- The design should consist of a single page

COMPONENTS REQUIRED:

LEVEL 1:

Your page can include:

- A central block consisting of a brief introduction message, accompanied by a picture
- Sections dedicated to popular releases, books currently on sale, books available on pre-order
- A search bar
- A menu [or anything that serves the same purpose] that allows the viewer to pick a genre
- Login/Sign-Up or Profile component
- Footer comprising of a Contact section and other miscellaneous options.

LEVEL 2:

- A unique and uniform theme that should be reflected in your components [color palette, font, wallpaper, layout].
- A light-themed and dark-themed layout / Multiple colored themes for the viewer to choose from
- A distinct mobile-friendly layout for the site.

SUBMISSION:

Submit your Figma Project File to your respective mentors by 19.06.2022, 11:59PM.
